A results-driven **Full Stack Developer with 3 years of experience** (by March 2025), skilled in **React, Next.js, and Node.js**. Proven ability to build **scalable web applications, optimize performance, and collaborate effectively across teams**. Seeking to contribute to an innovative tech company.

WORK EXPERIENCE

Associate Software Developer Appstone Pvt Ltd

03/2022 - Present

Bangalore, India

Responsibility / Tasks

- **Collaborated** with **designers** and **backend** developers to develop and implement user interfaces,
- Collaborated with the QA team to **identify** and **resolve** frontend-related **bugs and issues**,
- Provided support and maintenance for existing web applications, addressing bug fixes,
- **Optimized** website performance by implementing React **Performance techniques**,
- **Assisted** in the **development** and implementation of new **features** and **functionalities**.

ACHIEVEMENTS

Optimized PDF Loading Time

- In the ImGrows app, we generate PDF; before that, it took around an **hour** to generate more than 200 pages of PDF. I **optimised** it, and the same PDF was generated in less than **2 minutes**.
